EMEA Pan-European ME Patient Survey

EMEA
European ME Alliance

europeanmealliance.org/surveyoverview

On **World Health Day 2024** the long-awaited findings of the European ME Alliance Pan-European ME Patient Survey have finally been unveiled, painting a distressing picture of neglect and suffering endured by millions across Europe.

The survey report '*EMEA survey of ME/CFS patients in Europe: Same disease, different approaches and experiences*' lays bare the systemic

It alerts all stakeholders of the urgent need for concerted action to address the humanitarian crisis facing people with ME and their families.

The European ME Alliance Pan-European ME Patient Survey findings are an indictment of the status quo.
